Italia

## WASTE MANAGEMENT GUIDELINES

- Just outside the entrance to each lodging are three dark knee-high bins with colored rectangular lids. These are used for street-side trash collection (schedule below). Place all Tetra Pak containers (except plastic caps) along with clean paper and cardboard in the yellow-lidded PAPER bin.
- In your kitchen you'll find a small brown perforated plastic basket to collect food scraps. Under your sink you'll find additional green biodegradable liners for this basket. As the basket fills up, tie off the liner and place it in the brown-lidded FOOD SCRAPS bin outside your door.
- Two under-sink bins are provided: a mint-green bin and a slightly smaller black bin with white plastic bag liner. The mint-green bin is for recyclable plastic packaging (including plastic bottles) and metal cans and lids. The black bin is for anything that can't be recycled (anything that isn't glass and isn't mentioned above) a.k.a UNSORTED WASTE.
- A large, shared trash wooden collector is located behind the hedge that borders the parking. Recyclable plastic packaging and metal cans and lids are to be transferred from your mint-green indoor bin to one of the FOUR light blue plastic bags in this collector. Place glass bottles and jars, without corks, caps or metal lids, in one of the TWO rigid green bins on the right side of the wooden trash collector.
- We also ask that you PLEASE bring your knee-high bins to a the side of the road just outside Poggiosole's front gate on these evenings:

Food scraps / **BROWN-lidded bin:**  
**Sunday and Thursday** after 8pm

Unsorted waste / **BLACK-lidded bin:**  
**Tuesday** after 8pm

Paper, cardboard & Tetra Pak / **YELLOW-lidded bin:**  
**Wednesday** after 8pm

When leaving the bins street-side please don't block the driveway. The best place for them is the large square manhole cover immediately to your left as you exit. Bins can be retrieved when emptied, generally after 13:00 (1pm) the following day.

Also please don't bring your under-sink bins outside our gate for street-side collection. These won't be recognized by the local authorities.

If you need additional plastic trash bags for bins or receptacles in your lodging look under the kitchen sink or under the stairs (Begonia) or in the low cupboard near the downstairs bath (Le Rose) or ask Alex :)

**Acknowledgement**

I have read, understand, and agree to comply with Poggiosole's waste management guidelines.
